Lawford Parish Council Internal Control Procedures

Scope of Responsibility

Lawford Parish Council is a local authority funded mainly by public money and is responsible for ensuring its financial business is conducted in accordance with the law and proper standards, and that public money is safeguarded, properly accounted for, and used economically, efficiently and effectively.

In discharging this overall responsibility, the Council is also responsible for ensuring that there is a sound system of internal control which facilitates the effective exercise of the Council's functions, and which includes arrangements for the management of risk.

The Purpose of the System of Internal Controls

The Council's system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure. It cannot provide an absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to policies, aims and objectives, to evaluate the likelihood of those risks being realised, and the impact should they be realised, and to manage them effectively and economically.

Internal controls include the checking of routine financial procedures, examination of financial comparisons and the recording of assets and liabilities. It will also include identification and evaluation of risks, to enable risk to be managed efficiently, effectively and economically.

The Internal Control Environment

The Council have adopted Financial Regulations which set parameters for the Council's financial operations. These are reviewed and approved at the Council's Annual Meeting in May each year. The Council also carries out an annual review of identified key risks and how they are addressed via agreed internal control procedures.

The Council is responsible for:

- Establishing and monitoring the achievements of the authority's objectives.
- The facilitation of policy and decision making.
- Ensuring compliance with established policies, procedures, laws and regulations.
- Identification and management of risk.
- Ensuring that best value and value for money are achieved in all purchases.
- Ensuring performance is regularly monitored against financial and operational budgets.
- Control and reports on the financial management of the Council.

The Clerk to the Council/RFO is responsible for:

- Administrating the Council's finances.
- Ensuring day to day compliance with the law and regulations that the Council is subject to and for managing risks.

- Ensuring that the Council's procedures, control systems and policies are adhered to.
- Ensuring adequate audit processes are in place.

Payments and Financial Reports:

Payments are reported at monthly Full Council meetings and minuted accordingly.

Two authorised bank signatories must authorise every payment after review of the accompanying invoice and sign the invoice/paperwork. Most payments are then made electronically via online banking. The clerk, as the appointed Service Administrator, sets up the online payment which is then checked and authorised by an authorised bank signatory.

Payments made via cheque requires two authorised signatories to sign the cheque and initial the cheque stub.

The Council is also provided with a monthly bank reconciliation (accompanied by month end bank statements), which has to be reviewed and approved by the Council, a financial summary of income and expenses and earmarked reserves.

Administration Committee

The Administration Committee, comprising of five parish council members, meets at least three times per year to monitor the current year's accounts and budget, to set recommendations for the following year's budget and precept to full council, and to review year end accounts. Any Administration Committee recommendations are ratified by Full Council at the following Parish Council meeting and resolutions minuted accordingly.

Nominated Council Internal Control Officer:

The cash books (payments and receipts) and bank reconciliations are reviewed by a nominated member of the Parish Council, with reference to the underlying records (bank statements and minutes plus copies of invoices) at least biannually.
